Spectrum Math for grade 8 keeps kids at the top of their math game using progressive practice, math in everyday settings, and tests to monitor progress. The math workbook covers rational and irrational numbers, solving equations, and interpreting statistical data. A best-selling series for well over 15 years, Spectrum still

leads the way because it works. It works for parents who want to give their child a leg up in math. It works for teachers who want their students to meet—and surpass—learning goals. And it works to help children build confidence and advance their skills. No matter what subject or grade, Spectrum provides thorough practice and focused instruction to support student success. Recommended for primary and middle school students, Universal Science is a series of eight books that adheres to the National Curriculum Framework (2005). The books have been designed in accordance with the latest guidelines laid down by the National Council of Educational Research and Training. The series is based on extensive feedback received from teachers and education consultants experienced in teaching and interacting with students in this age group. All the books present concepts and provide exercises with the view to nurturing scientific temperament in young learners. The well-structured chapters, interspersed with interesting information and questions make learning almost effortless. Together with the activities that instill the spirit of experimentation, the detailed coverage of topics and the variety of exercises lend the textbooks the right balance between the theoretical and practical aspects of Science. Pearson Foundation Series, Biology, is a much awaited addition to the existing Foundation Series and is particularly designed for aspirants of medical entrance examinations. Each title provides authentic and class-tested content for effective preparation and competitive readiness. Conceptual clarity and gaining mastery over the art of critical thinking are the central themes and to ensure this, the series has lucid content along with neatly-sketched diagrams, illustrations, concept-maps and real-life images. These books are an indispensable companion for all aspirants aiming to succeed in key entrance examinations, like The National Eligibility cum Entrance Test (NEET), Olympiads, Kishore Vaigyanik Protsahan Yojana (KVPY), etc. The series covers classes 7 to 10.
