**Seldom Make History** Jun 30  
2021 From admired  
historian—and coiner of one of  
feminism's most popular  
slogans—Laurel Thatcher  
Ulrich comes an exploration of  
what it means for women to  
make history. In 1976, in an

obscure scholarly article,  
Ulrich wrote, "Well behaved  
women seldom make history."  
Today these words appear on t-  
shirts, mugs, bumper stickers,  
greeting cards, and all sorts of  
Web sites and blogs. Ulrich  
explains how that happened  
and what it means by looking  
back at women of the past who  
challenged the way history was  
written. She ranges from the  
fifteenth-century writer  
Christine de Pizan, who wrote  
The Book of the City of Ladies,  
to the twentieth century's  
Virginia Woolf, author of A  
Room of One's Own. Ulrich  
updates their attempts to  
reimagine female possibilities  
and looks at the women who  
didn't try to make history but

did. And she concludes by  
showing how the 1970s  
activists who created "second-  
wave feminism" also created a  
renaissance in the study of  
history.

woman. A deadly enemy. A  
clash of intrigue, deception,

and desire. . . . 1525: Artist

Susanna Horenbout is sent

from Belgium to be Henry

VIII's personal illuminator

inside the royal palace. But her

new homeland greets her with

an attempt on her life, and the

King's most lethal courtier,

John Parker, is charged with

keeping her safe. As further

attacks are made, Susanna and Parker realize that she unknowingly carries the key to a bloody plot against the throne. For while Richard de la Pole amasses troops in France for a Yorkist invasion, a traitor prepares to trample the kingdom from within. Who is the mastermind? Why are men vying to kill the woman Parker protects with his life? With a motley gang of urchins, Susanna's wits, and Parker's fierce instincts, honed on the streets and in palace chambers, the two slash through deadly layers of deceit in a race against time. For in the court of Henry VIII, secrets are the last to die. . . . Brilliantly revealing a little-known

historical figure who lived among the Tudors, Michelle Diener makes a smashing historical fiction debut.

**The Winter Sea** Dec 25 2020 A NEW YORK TIMES AND USA TODAY BESTSELLER! "I've loved every one of Susanna's books! She has bedrock research and a butterfly's delicate touch with characters—sure recipe for historical fiction that sucks you

in and won't let go!"—DIANA GABALDON, #1 New York Times bestselling author of *Outlander* A hauntingly beautiful tale of love that transcends time: an American writer travels to Scotland to craft a novel about the Jacobite Rebellion, only to discover her own ancestral memories of that torrid moment in Scottish history... In the spring of 1708, an invading Jacobite fleet of French and Scottish soldiers nearly succeeded in landing the exiled James Stewart in Scotland to reclaim his crown. When young Sophia Paterson travels to Slains Castle by the sea, she finds herself in the midst of the dangerous intrigue. Now, Carrie

McClelland hopes to turn that story into her next bestselling novel. Settling herself in the shadow of that historic Scottish castle, she starts to write. But when she discovers her novel is more fact than fiction, Carrie wonders if she might be the only living person who knows the truth—the ultimate betrayal—that happened all those years ago. A sweeping historical fantasy of love, danger, and time travel, Susanna Kearsley masterfully weaves Scotland's past into Carrie's present in this stunning book. As the King makes his way to the cathedral through the cheering crowds, Susanna desperately tries to find a way to save his life—while saving the nobleman from the certain death his anger will bring down upon him.

**The Golden Apple** Sep 14 2022 Kayla's world has been turned upside-down . . . Her father has made her the prize in a deadly, impossible tournament, and Kayla has retaliated in the only way she knows how; by choosing her champion beforehand. But

taking control of the outcome changes the game completely, and when the real reason behind the strange test becomes apparent, Kayla realizes not just her life, but her entire kingdom is at stake. Rane's honor is torn in two... In order to save his brother, Rane will do whatever he has to-- including deceive and betray a princess. He knew nothing about this tournament would be easy, but when it turns into a deeper, far more sinister game, Rane is forced to see it through to the end, or leave his brother at the mercy of their enemy. Now their fates are entwined, and they must venture into the deep, dark forest together . . . Kayla and

Rane are bound to one another by an enchantment and Kayla's actions. But the sorcerer forcing them to do his will may have miscalculated, because no-one comes out of the Great Forest unchanged. No-one. The Golden Apple is loosely based on the fairy tale The Princess on the Glass Hill.

[The Oxford Handbook of the Apocrypha](#) Dec 05 2021 The Oxford Handbook of the Apocrypha addresses the Old Testament Apocrypha, known to be important early Jewish texts that have become deuterocanonical for some Christian churches, non-canonical for other churches, and that are of lasting cultural significance. In addition to the

place given to the classical literary, historical, and tradition-historical introductory questions, essays focus on the major social and theological themes of each individual book. With contributions from leading scholars from around the world, the Handbook acts as an authoritative reference work on the current state of Apocrypha research, and at the same time carves out future directions of study. This Handbook offers an overview of the various Apocrypha and relevant topics related to them by presenting updated research on each individual apocryphal text in historical context, from the late Persian and early Hellenistic periods to the early

Roman era. The essays provided here examine the place of the Apocrypha in the context of Early Judaism, the relationship between the Apocrypha and texts that came to be canonized, the relationship between the Apocrypha and the Septuagint, Qumran, the Pseudepigrapha, and the New Testament, as well as their reception history in the Western world. Several chapters address overarching themes, such as genre and historicity, Jewish practices and beliefs, theology and ethics, gender and the role of women, and sexual ethics.

But what can Susanna really do to help her, and even if she does, will it be enough? Susanna and her betrothed, Parker—one of Henry's most trusted courtiers—balance on the knife's edge of treason as they try to make sense of both international and domestic conspiracies. Sometimes, it's better the enemy you know . . . **Daughter of the Sky** Jun 11 2022 The Victorian Empire has declared war on the Zulus if they don't accede to their outrageous demands. The clock is ticking down to the appointed hour. With no idea why the British are marching three massive columns of men and guns towards them, one Zulu general is prepared to

take an impossible risk. But the life he's gambling with isn't his own . . . The sole survivor of a shipwreck off the Zululand coast, 15 year-old Elizabeth Jones is taken in by the Zulus, the people of the sky. Six years later, her white skin becomes useful to the Zulu army as they try to work out why the Victorian Empire has pointed their war-machine at the Zulu nation. Elizabeth is suddenly Zululand's most important spy. While infiltrating the British camp, Elizabeth's disguise as a young soldier is uncovered almost immediately by Captain Jack Burdell. However, he believes the tale she spins of searching for a missing brother and shields her from discovery,

allowing her to bunk in his tent and giving her a job as his batman. Burdell is war-weary and disillusioned - no longer willing to follow regulations at all costs. But as Elizabeth and Jack explore their growing attraction to each other, the two armies move towards their inevitable clash. Elizabeth is torn between the guilt of betrayal and her fierce loyalty to her Zulu family, and when Zulu and British meet on the battlefield, both she and Jack find their hearts and their lives caught in the crossfire. [The Cultural Roots of Strategic Intelligence](#) Nov 11 2019 Strategic Intelligence is a form of meaning that promises the possibility of strategic

advantage, dignity, the achievement of objective, and the fulfillment of potential in hostile environments. In [The Cultural Roots of Strategic Intelligence](#) Gino LaPaglia demonstrates that the strategic aspect of reason—arising in human experience, encoded as value, and born by culture as a strategic resource—has been encoded as values that have been memorialized in culturally authoritative sources in various Eurasian cultures for thousands of years. These sources have validated a strategic orientation in the world, legitimized the strategist as a heroic identity, and transmitted a coherent world view that enables the

practitioner of strategy to overcome asymmetric threat. By excavating the provenance of strategic thought expressed in the cultural identity of the strategist in the most culturally authoritative mythological, literary, philosophical and religious sources, and excavating the underlying strategic values expressed in cultural products, LaPaglia demonstrates that the strategic aspect of human rationality is one of the most basic structural dynamics of human meaning, and that the transmission of this strategic way of being and acting in the world offers hope for life's underdogs.

Sep 02 2021  
"The Feminine Dynamic in English Art, 1485?603 " Feb 07 2022 A significant contribution to the understanding of sixteenth-century English art in an historical context, this study by Susan James represents an intensive rethinking and restructuring of the Tudor art world based on a broad, detailed survey of women's diverse creative roles within that world. Through an extensive analysis of original documents, James examines and clarifies many of the misperceptions upon which modern discussions of Tudor art are based. The new evidence she lays out allows for a fresh investigation of the

economics of art production, particularly in the images of Elizabeth I; of strategies for influencing political situations by carefully planned programs of portraiture; of the seminal importance of extended clans of immigrant Flemish artists and of careers of artists Susanna Horenboul and Lievine Teerlinc and their impact on the development of the portrait miniature. Drawn principally from primary sources, this book presents important new research which examines the contributions of Tudor women in the formation, distribution and popularization of the visual arts, particularly portraiture and the portrait miniature. James highlights the

involvement of women as patrons, consumers and creators of art in sixteenth-century England and their use of the painted image as a statement of cultural worth. She explores and analyzes the amount of time, money, effort and ingenuity which women across all social classes invested in the development of art, in the uses they found for it, and the surprising and unexpected ways in which they exploited it.

**Recovering History through Fact and Fiction** Aug 13 2022 This edited collection brings together research that focuses on historic figures who have been largely neglected by history or forgotten over time.

The question of how to recover, reclaim or retell the histories and stories of those obscured by the passage of time is one of growing public and scholarly interest. The volume includes chapters on a diverse array of topics, including semi-biographical fiction, digital and visual biographies, autobiographies, and memoirs, among others. Apart from the largely forgotten, the book provides fresh perspectives on historical figures whose biographies are distorted by their fame or limited by public perception. The subjects explored here include, among others, a child author, a Finnish grandmother, a cold war émigré, an Elizabethan era

playwright, a castaway, a celebrated female artist, and the lauded personalities Mary Shelley, Judy Garland and J.R.R. Tolkien. Altogether, the chapters included in this collection offer a much-needed snapshot of new research on biography and its many variations and hybrids which will be of interest to academics and students of biography and life writing in general.

*Imagining Gender in Biographical Fiction* Jul 12 2022 This volume addresses the current boom in biographical fictions across the globe, examining the ways in which gendered lives of the past become re-imagined as gendered narratives in fiction.

Building on this research, this book is the first to address questions of gender in a sustained and systematic manner that is also sensitive to cultural and historical differences in both raw material and fictional reworking. It develops a critical lens through which to approach biofictions as 'fictions of gender', drawing on theories of biofiction and historical fiction, life-writing studies, feminist criticism, queer feminist readings, postcolonial studies, feminist art history, and trans studies. Attentive to various approaches to fictionalisation that reclaim, appropriate or re-invent their 'raw material', the volume assesses the critical,

revisionist and deconstructive potential of biographical fictions while acknowledging the effects of cliché, gender norms and established narratives in many of the texts under investigation. The introduction of this book is available open access under a CC BY 4.0 license at [link.springer.com](http://link.springer.com) Chapter 1 is available open access under a Creative Commons Attribution 4.0 International License via [link.springer.com](http://link.springer.com).

### **The Jewish Novel in the**

**Ancient World** Apr 16 2020

Lawrence M. Wills here traces the literary evolution of popular Jewish narratives written during the period 200 BCE-100 CE. In many ways, these narratives were similar to Greek and Roman novels of the same era, as well as to popular novels of indigenous peoples

within the Roman Empire. Yet, as a group, they demonstrated a variety of novelistic innovations: the inclusion of adventurous episodes, passages of description and of dialogue, concern with psychological motivation, and the introduction of female characters. Wills focuses on five novels: Greek Esther, Greek Daniel, Judith, Tobit, and Joseph and Aseneth. Drawing on a wide range of theoretical works, he delineates the techniques and motifs of the Jewish novel, shows how the genre both initiated and distanced itself from nonfictional prose such as historical and philosophical writing, discusses its relation

to Greco-Roman romance, and describes the social conditions governing its emergence and reception. Wills also places the novels in historical context, situating them between the Hebrew Bible, on the one hand, and subsequent developments in Jewish and Christian literature on the other. Wills sees the Jewish novel as a popular form of writing that provided amusement for an expanding audience of Jewish entrepreneurs, merchants, and bureaucrats. In an important sense, he maintains, it was a product of the "novelistic impulse": the impulse to transfer oral stories to a written medium to reach a more literate audience.

**Apocrypha** Mar 28 2021 An ambitious introduction to the Apocrypha that encourages readers to reimagine what “canon” really means. Challenging the way Christian and non-Christian readers think about the Apocrypha, this is an ambitious introduction to the deuterocanonical texts of the Christian Old Testaments. Lawrence Wills introduces these texts in their original Jewish environment while addressing the very different roles they had in various Christian canons. Though often

relegated to a lesser role, a sort of “Bible-Lite,” these texts deserve renewed attention, and this book shows how they hold more interest for both ancient and contemporary communities than previously thought.

### **Competing Responsibilities**

Mar 16 2020 Noting the

pervasiveness of the adoption of "responsibility" as a core ideal of neoliberal governance, the contributors to *Competing Responsibilities* challenge contemporary understandings and critiques of that concept in political, social, and ethical life. They reveal that neoliberalism's reification of the responsible subject masks the myriad forms of individual and collective responsibility that people engage with in their everyday lives, from accountability, self-sufficiency, and prudence to care, obligation, and culpability. The essays—which combine social theory with ethnographic research from Europe, North America, Africa, and New

Zealand—address a wide range of topics, including critiques of corporate social responsibility practices; the relationships between public and private responsibilities in the context of state violence; the tension between calls on individuals and imperatives to groups to prevent the transmission of HIV; audit culture; and how health is cast as a citizenship issue. *Competing Responsibilities* allows for the examination of modes of responsibility that extend, challenge, or coexist with the neoliberal focus on the individual cultivation of the self.
