The second installment of Scott Westerfeld's New York Times bestselling and award-winning Uglies series—a global phenomenon that started the dystopian trend. Tally has

finally become pretty. Now her looks are beyond perfect, her clothes are awesome, her boyfriend is totally hot, and she's completely popular. It's everything she's ever wanted. But beneath all the fun—the nonstop parties, the high-tech luxury, the total freedom—is a nagging sense that something's wrong. Something important. Then a message from Tally's ugly past arrives. Reading it, Tally remembers what's wrong with pretty life, and the fun stops cold. Now she has to choose between fighting to forget what she knows and fighting for her life—because the authorities don't intend to let anyone with this information survive. X-Men meets Marissa Meyer's Renegades when New York Times bestselling author of the Uglies series Scott Westerfeld teams up with award-winning

authors Margo Lanagan and Deborah Biancotti in the final book of an explosive trilogy about six teens with unique abilities. The Zeroes are in disarray. One of them has vanished. One of them is in prison. The rest are on the most-wanted list. And something big is brewing. Accused of murdering Swarm, Bellwether is in a high-security prison, isolated and unable to use his powers of influence. Flicker, Crash, Mob, and Scam are on the run as suspected domestic terrorists. And Agent Phan of the FBI has a secret weapon up his sleeve—a teenager with a superpower that the Zeroes haven't encountered yet. After a daring breakout, the group is drawn to New Orleans, where celebrating Mardi Gras crowds promise enormous power to anyone who can channel it. There, an army of Zeroes is gathering around a charismatic leader—whose plans are nothing short of cataclysmic. Time is running out for the Zeroes, but they must learn to trust one another again if they

want to avert the looming disaster. Sure, love is hell. But it's totally worth it. Gifted with the ability to change her gender and ethnicity at will, a young woman moves anonymously through a futuristic New York City society. She thinks she's unique until she happens upon another of her kind, one who is all-too willing to use his abilities for his own sinister ends. Now she must stop this renegade shapeshifter out to seize control of the entire post-industrial world—where illusion wears the face of reality and the ultimate prize is absolute power! A fresh repackaging of the bestselling *Uglies* books...the series that started the whole dystopian trend! Fifteen-year-old Aya Fuse, an Extra, just wants to lay low, so when she discovers the secret lives of the Sly Girls, she wants to report their story, but she knows that would propel her into a celebrity status she's not prepared for. *THE WORLD OF UGLIES, SET IN OUR NOT-SO-DISTANT FUTURE*, is a complex place filled with

bubbly technology and lingo, yet bogus rules about status and appearance. That's why a guide to the world of uglies has been requisitioned from the hole in the wall. Inside you'll find: A rundown on all the cliques, from Crims and Cutters to tech-heads and surge-monkeys The complete history, starting with the destruction of the oil bug to the launch of Extras in space How all those awesome gadgets came to be: hoverboards, eyescreens, skintennas, sneak suits... PLUS an exclusive look at Scott Westerfeld's first draft of Extras -- starring Hiro, not Aya. And so much more, it's mind-wrecking. IT'S TIME TO COME OUT OF HIDING Frey has spent her life in a family of deceivers, a stand-in for her sister, manipulated at her father's command. Free from them at last, she is finding her own voice -- and using it to question everything her family stood for. Tally was once the most famous rebel in the world. But for over a decade, she's kept to the shadows, allowing her myth to grow even as she

receded. Now she sees that the revolution she led has not created a stable world. Freedom, she observes, has a way of destroying things. As the world is propelled further into conflict and conspiracy, Frey and Tally join forces to put a check on the people in power, while still trying to understand their own power and where it belongs. With Youngbloods, master storyteller Scott Westerfeld decisively brings back his most iconic character and merges his Impostors and Uglies series into a breathtaking tale of rivalry, rebellion, and repercussion. [blank] X-Men meets Marissa Meyer's Renegades when New York Times bestselling author of the Uglies series Scott Westerfeld teams up with award-winning authors Margo Lanagan and Deborah Biancotti in the second book of an explosive new trilogy about six teens with unique abilities. They thought they'd already faced their toughest fight. But there's no relaxing for the reunited Zeroes. These six teens with

unique abilities have taken on bank robbers, drug dealers, and mobsters. Now they're trying to lay low so they can get their new illegal nightclub off the ground. But the quiet doesn't last long when two strangers come to town, bringing with them a whole different kind of crowd-based chaos. And hot on their tails is a crowd-power even more dangerous and sinister. Up against these new enemies, every Zero is under threat. Mob is crippled by the killing-crowd buzz—is she really evil at her core? Flicker is forced to watch the worst things a crowd can do. Crash's conscience—and her heart—get a workout. Anon and Scam must both put family loyalties on the line for the sake of survival. And Bellwether's glorious-leader mojo deserts him. Who's left to lead the Zeroes into battle against a new, murderous army? When a plane crash-lands in the arctic, eight young survivors step from the wreckage expecting to see nothing but ice and snow. Instead they find themselves

lost in a strange jungle with no way to get home and little hope of rescue. Yellowcake brings together ten short stories from the extraordinarily talented Margo Lanagan--each of them fiercely original and quietly heartbreaking. The stories range from fantasy and fairy tale to horror and stark reality, and yet what pervades is the sense of humanity. The people of Lanagan's worlds face trials, temptations, and degradations. They swoon and suffer and even kill for love. In a dangerous world, they seek the solace and strength that comes from family and belonging. These are stories to be savored slowly and pondered deeply because they cut to the very heart of who we are. "Haunting, gorgeous, and sometimes painful, Lanagan's stories are unlike anything else in fantasy literature." -- Publishers Weekly, starred review "Lanagan unravels familiar myths and fairy tales, weaving them into unique, sharply resonant forms in this characteristically stunning collection." --Kirkus, starred

review X-Men meets Marissa Meyer's Renegades when New York Times bestselling author of the Uglies series Scott Westerfeld teams up with award-winning authors Margo Lanagan and Deborah Biancotti for this explosive trilogy filled with "cinematic nonstop action," (Booklist) about six teens with unique abilities. Don't call them heroes. But these six California teens have powers that set them apart. Take Ethan, a.k.a. Scam. He's got a voice inside him that'll say whatever you want to hear, whether it's true or not. Which is handy, except when it isn't—like when the voice starts gabbing in the middle of a bank robbery. The only people who can help are the other Zeroes, who aren't exactly best friends these days. Enter Nate, a.k.a. Bellwether, the group's "glorious leader." After Scam's SOS, he pulls the scattered Zeroes back together. But when the rescue blows up in their faces, the Zeroes find themselves propelled into whirlwind encounters with ever more

dangerous criminals. At the heart of the chaos they find Kelsie, who can take a crowd in the palm of her hand and tame it or let it loose as she pleases. Filled with high-stakes action and drama, Zeroes unites three powerhouse authors for the opening installment of a thrilling new series. From international bestselling author, Scott Westerfeld, a brand new, thought-provoking, suspenseful thriller you won't be able to put down! Darcy Patel has put college and everything else on hold to publish her teen novel, Afterworlds. Arriving in New York with no apartment or friends she wonders whether she's made the right decision until she falls in with a crowd of other seasoned and fledgling writers who take her under their wings... Told in alternating chapters is Darcy's novel, a suspenseful thriller about Lizzie, a teen who slips into the 'Afterworld' to survive a terrorist attack. But the Afterworld is a place between the living and the dead and as Lizzie drifts between our world

and that of the Afterworld, she discovers that many unsolved - and terrifying - stories need to be reconciled. And when a new threat resurfaces, Lizzie learns her special gifts may not be enough to protect those she loves and cares about most. Now that the world is in a complete cultural renaissance, fifteen-year-old Aya Fuse, an Extra, just wants to lay low, so when she discovers the secret lives of the Sly Girls, she wants to report their story, but Aya knows that would propel her into celebrity--a status she's not prepared for. Reprint. In this future-set novella by bestselling author Scott Westerfeld, Kieran Black lives in a "perfect" world. Disease and starvation have been eradicated, sleep is unnecessary, and it takes no time at all to go from the Bahamas to the moon. But now Kieran has to take Scarcity, a class about how people lived in the bad old days. And as if sitting through an hour of Scarcity every day wasn't depressing enough, it's final projects time. Each student

must choose some form of ancient hardship to experience for two whole weeks. Kieran chooses having to sleep eight hours a night, which doesn't seem too annoying. Maria Borsotti has never thought much of Kieran, but she decides to take pity on him and help him out with his project. Soon, Kieran is sleeping and having vivid dreams, while Maria, whose Scarcity project is to give up all teenage hormone regulation, is experiencing emotions she never knew she had. As their assignments draw them closer together, they begin to wonder if the olden days weren't so bad. Maybe something has been missing from their perfect lives after all? Epic Reads Impulse is a digital imprint with new releases each month. Alek and Deryn are back onboard the Leviathan. The ship is ordered to pick up Tesla, a Russian inventor who has created a machine he claims can destroy half of the world, which he is using as a threat to impose peace. Alek wants to the end the war, so

decides to back Tesla politically, as do the Darwinists. Meanwhile Deryn is still pretending to be a boy, though Alek has figured out her true identity, and promises to keep her secret. With stops in New York, California and Mexico, Deryn and Alek encounter adventure and intrigue at every turn, but when a secret German plan to sabotage Tesla's machine leads to a heart-stopping stand-off, as Tesla threatens to fire his weapon, it's up to the two of them to stop him - or face the end of the world for real... From the acclaimed author of *Fine Prey*, *Polymorph*, and *Evolution's Darling* (Philip K. Dick Award special citation and a New York Times Notable Book) comes a sweeping epic, *The Risen Empire*, Scott Westerfeld's dazzling hardcover debut. The undead Emperor has ruled his mighty interstellar empire of eighty human worlds for sixteen hundred years. Because he can grant a form of eternal life, creating an elite known as the Risen, his power has been

absolute. He and his sister, the Child Empress, who is eternally a little girl, are worshiped as living gods. No one can touch them. Not until the Rix, machine-augmented humans who worship very different gods: AI compound minds of planetary extent. The Rix are cool, relentless fanatics, and their only goal is to propagate such AIs throughout the galaxy. They seek to end, by any means necessary, the Emperor's prolonged tyranny of one and supplant it with an eternal cybernetic dynasty of their own. They begin by taking the Child Empress hostage. Captain Laurent Zai of the Imperial Frigate *Lynx* is tasked with her rescue. Separated by light-years, bound by an unlikely love, Zai and pacifist senator Nara Oxham must each in their own way, face the challenge of the Rix, and they each will hold the fate of the empire in their hands. *The Risen Empire* is the first great space opera of the twenty-first century. Continues the story of Austrian Prince Alek who, in an alternate 1914 Europe, eludes the Germans by traveling in the Leviathan to Constantinople, where he faces a whole new kind of genetically-engineered warship. After surviving an airplane crash in the Arctic, Molly, Yoshi and the rest of her friends meet a group of musicians who also crashed in the same area and have been camped out in the forest hoping for a rescue. They discover that there are more than just monsters in the rift. Set in a future where cosmetic surgery is a requirement at age 16 and attractiveness is mandated, Scott Westerfeld's popular Uglies series has received critical acclaim from the press and public alike. Chock-full of action, adventure and teenage rebellion, there's no question why Uglies has attracted thousands of fans. In Mind-Rain, popular authors examine the series and delve into the underlying themes. What sort of critiques are Uglies, Pretties, Specials and

Extras making about the real world? Is there more behind Tally, David and Shay? Mind-Rain is a collection of smart, analytical and completely unauthorized essays on Scott Westerfeld's wildly popular Uglies series. Westerfeld's written introduction gives readers insight from the person who knows the series best! Nobody is safe in the secret hour. Strange things happen at midnight in the town of Bixby, Oklahoma. Time freezes. Nobody moves. For one secret hour each night, the town belongs to the dark creatures that haunt the shadows. Only a small group of people know about the secret hour -- only they are free to move about the midnight time. These people call themselves Midnighters. Each one has a different power that is strongest at midnight: Seer, Mindcaster, Acrobat, Polymath. For years the Midnighters and the dark creatures have shared the secret hour, uneasily avoiding one another. All that changes when the new girl with an unmistakable midnight aura

appears at Bixby High School. Jessica Day is not an outsider like the other Midnighters. She acts perfectly normal in every way. But it soon becomes clear that the dark creatures sense a hidden power in Jessica . . . and they're determined to stop her before she can use it. A story of courage, shadowy perils, and unexpected destiny, the secret hour is the first volume of the mesmerizing Midnighters trilogy by acclaimed author Scott Westerfeld. Scott Westerfeld's bestselling Uglies series in a collectible paperback boxed-set! Ever wonder who was the first kid to keep a wallet on a big chunky chain, or wear way-too-big pants on purpose? What about the mythical first guy who wore his baseball cap backwards? These are the Innovators, the people on the very cusp of cool. Seventeen-year-old Hunter Braque's job is finding them for the retail market. But when a big-money client disappears, Hunter must use all his cool-hunting talents to find her. Along the way he's drawn into a web of brand-name intrigue-

a missing cargo of the coolest shoes he's ever seen, ads for products that don't exist, and a shadowy group dedicated to the downfall of consumerism as we know it. Told from separate viewpoints, this book tells the tale of teens Scam, Crash, Flicker, Anonymous, Bellwether, and Kelsie--all born in the year 2000 and living in Cambria, California--who have superhuman abilities that give them interesting but not heroic lives until they must work as a community to respond to a high stakes crisis. Darling, an astronavigational control unit, wants to know if a clone has a soul. Two hundred years and one artificial body later, he is off in search of a dead artist, a living artwork, and the forces behind a mystery that spans the universe. The secret hour is beginning to crumble and the darklings are preparing to feed for the first time in centuries. The Midnighters look to Rex for a plan, but his dark side is threatening to overpower him. Melissa can taste his animal instincts leading him into taking greater and greater

risks. But as Bixby faces the darklings' hunger, will it be Rex or another Midnighter who will make the final sacrifice to save the ones they love? Now in paperback--the first volume in a mesmerizing new trilogy which introduces a group of teens, who call themselves Midnighters, living in a world that is frozen in time and inhabited by dark creatures that lurk in the shadows. The first two novels of Scott Westerfeld's New York Times bestselling series—a global phenomenon that started the dystopian trend—now available in one edition. Tally can't wait to turn sixteen. Only then will she be able to have an operation to turn her from a repellant ugly into a stunningly attractive pretty and live in New Pretty Town—a high-tech paradise where her only job will be to have fun. But when Tally finally becomes pretty, everything isn't as perfect as it seems. Underneath all the beauty and luxury is a nagging sense that something is wrong. Very wrong. Searching for the truth,

Tally discovers a whole new side of the pretty world—and it isn't very pretty. Now Tally has a choice to make: fight to forget what she knows or fight for her life. At the Aya School, human children learn alien culture in a completely restricted environment to enable them to compete in the politics and economy of an alien-influenced Earth. The finest student of the school is a member of the Fine Hunt circuit, an outgrowth of traditional horse racing. As one of the up-and-coming "riders", the student is lured into the seedier world of the Claw Hunt, and discovers what the Aya aliens have really been teaching! Strange things are happening: old friends disappearing, angels (or devils) clambering on the fire escapes of New York City. But for Pearl, Moz, and Zahler, all that matters is the band. As the city reels under a mysterious epidemic, the three combine their talents with a vampire lead singer and a drummer whose fractured mind can glimpse the coming darkness.

Will their music stave off the end? Or summon it? Set against the gritty apocalypse that began in Peeps, *The Last Days* is about five teenagers who find themselves creating the soundtrack for the end of the world. Scott Westerfeld, the acclaimed author of *Fine Prey*, *Polymorph*, and *Evolution's Darling*, reached new heights of excitement in last spring's *The Risen Empire*, and left readers begging for more. Now he comes through with the dazzling payoff in book two of *Succession*, *The Killing of Worlds*. Captain Laurent Zai of the Imperial frigate *Lynx* is a walking dead man. Unjustly held responsible for the death of the Child Empress, sister of the immortal Emperor, Zai has been sent to fight an unwinnable battle. The *Lynx* must stop a vastly superior Rix ship from reaching the planet *Legis*, a suicide mission that will almost certainly end in oblivion for Captain Zai and his crew. On the planet *Legis* below, a Rix compound mind--a massive emergent AI formed from every

computer on the planet--as been isolated by their Imperial blockade. But the mind has guided a lone Rix commando, Herd, to the planet's frozen north, and will soon order a desperate attempt to seize a polar communications array and break the blockade. Herd is a single warrior against an Imperial army, but moving silently behind her is the intelligence of an entire planet. Ten light-years away, Captain Zai's true love, the psychic (some say mad) Senator Nara Oxham is engaged in a deadly game of political intrigue. From her position on the Emperor's War Council, Senator Oxham must find a way to forestall the Emperor's final solution if the blockade is broken: a nuclear strike to destroy the compound mind, which will also kill millions of Imperial citizens. She suspects that the Emperor has a hidden weakness discovered, by the mind, a secret so dangerous to his immortal dynasty that to prevent its discovery the Emperor is willing to countenance the ultimate

crime. . . . The killing of worlds. With this powerful conclusion to the first story arc of Succession, Scott Westerfeld confirms his stature as one of the leading writers of high space opera. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied. The danger rises and the deception grows in the heart-stopping third book in the New York Times bestselling Impostors series! Frey's return to the city of her birth isn't going to be an easy one. She and her love Col must surge on new faces and bodies in order to infiltrate Shreve by dropping from the sky and landing undetected. Frey's sister Rafi -- no longer a twin in features, but still a twin by birth -- is the wild card. Are the sisters on the same side . . . or are they playing to their own agendas? If their father is deposed from Shreve, who will take control? And what other forces may be waiting in the wings? Mirror's Edge is another brilliant blockbuster from one of the greatest speculative writers YA

fiction has ever seen, set within the world of Uglies . . . and about to converge with Uglies in a spectacular way.

Deception. Risk. Betrayal. Redemption. Master storyteller Scott Westerfeld is at the top of his game with another New York Times bestseller.

Impostors is set in the brilliant world of the Uglies series, book 1 of which is soon to be a major Netflix film. Three years ago an event destroyed the city of Poughkeepsie, forever changing reality there.

Uncanny manifestations and lethal dangers now await anyone who enters the Spill Zone. Return to the stunning world of IMPOSTORS in this new book by global bestselling author Scott Westerfeld. When the world sees Frey, they think they see her twin sister Rafi. Frey was raised to be Rafi's double, and now she's taken on the role . . . without anyone else knowing. Her goal? To destroy the forces that created her. But with the world watching and a rebellion rising, Frey is forced into a detour. Suddenly she is stranded on

her own in Paz, a city where many of the citizens attempt to regulate their emotions through an interface on their arms. Paz is an easy place to get lost . . . and also an easy place to lose yourself. As the city comes under a catastrophic attack, Frey must leave the shadows and enter the chaos of warfare - because there is no other way for her to find her missing sister and have her revenge against her murderous father. When she is turned into a super-modelesque super-fighting machine, Tally, a former ugly, is ordered to keep the uglies down and the pretties stupid in a carefully engineered world of perfection where she refuses to play by the rules. A year ago, Cal Thompson was a college freshman more interested in meeting girls and partying than in attending biology class. Now, after a fateful encounter with a mysterious woman named Morgan, biology has become, literally, Cal's life. Cal was infected by a parasite that has a truly horrifying effect on its host. Cal himself is a

carrier, unchanged by the parasite, but he's infected the girlfriends he's had since Morgan. All three have turned into the ravening ghouls Cal calls Peeps. The rest of us know them as vampires. It's Cal's job to hunt them down before they can create more of their kind. . . . Bursting with the sharp intelligence and sly humor that are fast becoming his trademark, Scott Westerfeld's novel is an utterly original take on an archetype of horror. After her own encounter with the Spill Zone gives her uncanny powers, Addison teams up with fellow survivor Don Jae, and a curious rag doll, Vespertine. This harrowing tale of supernatural suspense kicks off a new series from the visionary mind of #1 New York Times bestselling author Scott Westerfeld. When a plane crash-lands in the arctic, eight young survivors step from the wreckage expecting to see nothing but ice and snow. Instead they find themselves lost in a strange jungle with no way to get home and little hope of rescue. Food

is running out. Water is scarce. And the jungle is full of threats unlike anything the survivors have ever seen before--from razor-beaked shredder birds to carnivorous vines and much, much worse. With danger at every turn, these eight kids must learn to work together to survive. But cliques and rivalries threaten to tear them apart. And not everyone will make it out of the jungle alive.
