A young woman falls for her stalker and a complicated relationship begins. SPACE IS VAST AND UNTAMED, AND IT HOLDS MANY SECRETS. Now two individuals from opposite ends of settled space are on a collision course with the darkest of those secrets, even as the world threatens to explode around them. The year is 2322. Humanity has expanded into the stars, inhabiting over 100 worlds across a third of the galaxy. Though thriving as never before, they have discovered neither alien life nor the key to utopia. Earth struggles to retain authority over far-flung planets and free-wheeling corporations while an uneasy armistice with a breakaway federation hangs by a thread as the former rebels rise in wealth and power. Alexis Solovy is Earth Alliance royalty, her father a fallen war hero and her mother an influential military leader. But she seeks only the freedom of space and has made a fortune by reading the patterns in the chaos to discover the hidden wonders of the stars. Nothing about her latest objective suggests the secret it conceals will turn her life— not to mention the entire galaxy—upside down. But

chance encounter with a mysterious spy leads to a discovery which will thrust Alex into the middle of a galactic power struggle and a sinister conspiracy, whether she likes it or not. When faced with its greatest challenge, will humanity rise to triumph or fall to ruin? Aurora Rising is an epic science fiction tale of galaxy-spanning adventure, of the thrill of discovery and the unquenchable desire to reach ever farther into the unknown. It's a tale of humanity at its best and worst, of love and loss, fear and heroism. It's the story of a woman who sought the stars and found more than anyone imagined possible. Willow Taylor lives in a castle with large walls and iron fences. But this is no ordinary castle. It's called Heartstone Psychiatric Hospital and it houses forty other patients. It has nurses with mean faces and techs with permanent frowns. It has a man, as well. A man who is cold and distant. Whose voice drips with authority. And whose piercing gray eyes hide secrets, and maybe linger on her face a second too long. Willow isn't supposed to look deep into those eyes. She isn't supposed to try to read his tightly-leashed emotions. Neither is she supposed to touch herself at night, imagining his powerful voice and that cold but beautiful face. No, Willow Taylor shouldn't be attracted to Simon Blackwood at all. Because she's a patient and he's a doctor. Her psychiatrist. The medicine man. NOTE: A STANDALONE novel set in the Heartstone world. KEYWORDS: Forbidden romance, age gap romance, older man younger woman romance, angsty romance, patient doctor romance, alpha male romance, coming of age romance, opposites attract romance, grumpy hero sunshine heroine There are three things you need to know about Ashley Winston: 1) She has six brothers and they all have beards, 2) She is a reader, and 3) She knows how to knit. Former beauty queen, Ashley Winston's preferred coping strategy is escapism. She escaped her Tennessee small town, loathsome father, and six brothers eight years ago. Now she escapes life daily via her one-click addiction. However, when a family tragedy forces her to return home, Ashley can't escape the notice of Drew Runous—local Game Warden, bear wrestler, philosopher, and everyone's favorite guy. Drew's irksome philosophizing in particular makes Ashley want to run for the skyscrapers, especially since he can't seem to keep his exasperating

opinions— or his soulful poetry, steadfast support, and delightful hand to himself. Pretty soon the girl who wanted nothing more than the excitement of the big city finds she's lost her heart in small town Tennessee. *Beauty and the Mustache* is book #4 in the *Knitting in the City* series, and book #0.5 in the *Winston Brothers* series. Each book is a standalone, full length (110k words), contemporary romantic comedy novel, and follows the misadventures and exploits of seven friends in Chicago, all members of the same knitting group. Obsession, defined as the domination of one's thoughts or feelings by a persistent idea, image or desire....Chantel Rosenberg's passion for music and life had never shone brighter than the time she spent in Bordeaux France. Choosing to live a quiet life in his Chateau surrounded by the vineyards of France, he's left his passion for art behind. However, the time has arrived to tell his side of a tale. A tale that has depicted him as a 'beautiful monster' and he's finally allowing someone close enough to ask questions. Questions he's not sure he wants to answer. Questions about her. For up and coming journalist Gemma Harris, the pursuit of truth is what drives her and when a job of a lifetime presents itself there is nothing in the world that will stop her from taking it. Even if it does mean leaving her home for several months to stay at Chateau Tibideau, with him. This is a story of what happens when three passionate lovers collide and the desire for truth, art and music merge. Chateau Tibideau is a place full of unanswered questions, dark sinful desire and beauty so hauntingly sad it will have you wondering how you will ever leave the same.... A funny, entertaining novel of love and family for our times: a single woman who fears she's lost her chance at a family of her own, begins to accumulate an ad hoc one around her. In the tradition of Elinor Lipman or Marisa de los Santos (*Love Walked In*), Flowers delivers a smart, witty, appealing story of love, family, and community that breaks the mold of the conventional love story—and will have readers cheering. Everyone around Prudence Whistler, thirty-six, seems to be settling down. Her once single girlfriends have married and had babies. Her gay best friend is discussing marriage with his partner. Even her irresponsible younger sister, Patsy, is the single mother of a two-year-old. But when Pru panics at losing her mediocre boyfriend of two years—and begins to see the door to her traditional family life closing—she accidentally finds something even better: a new definition of family and happiness. First, it's the crazy cat who moves into her apartment. Then come Pru's headstrong sister and two-year-old niece. Then the niece's dog, the sister's ex-boyfriend, and, ultimately, Patsy and Pru's widowed mother. With the strength of her modern new household, Pru musters the confidence to open the dress shop she's always wanted in town—and discovers an extended family of sorts in the community of shop owners and devoted customers. It's only then that she ends up with the man of her dreams. Endearing, romantic, and satisfying, *Nice to Come Home To You* is a charming, crowd-pleasing debut.

Best-selling mystery writer Sam Torres loves jetting around the world, researching her next plot, and enjoying local culture, cuisine, and women. Her next stop: the Big Easy. Tess Arceneaux is a New Orleans native who likes life simple and uncomplicated. That includes shucking oysters for wealthy tourists and singing at the neighborhood bar—no pretense and no pressure. When she saunters in looking for company in addition to dinner, she sets her sights on Tess. Although Tess is hardly inclined to get involved with a woman,

who's just passing through, Sam proves very persuasive. But when casual dates hint at something more, strange and sinister things ensue. Someone doesn't want them together and will go to extreme lengths to make her point. Will looming danger bring them closer or drive them apart for good? What if Belle's mother cursed the Beast? As Old as Time is the third book in a new YA line that reimagines classic Disney stories in surprising new ways. When Belle touches the Beast's enchanted rose, memories flood through Belle's mind—memories of a mother she thought she would never see again. And, stranger still, she sees that her mother is none other than the beautiful enchantress who cursed the castle and its inhabitants. Shocked and confused, Belle and the Beast will have to unravel a dark mystery about their families that is 21 years in the making. There are three things you need to know about Sandra Fielding: 1) She makes all her first dates cry, 2) She hasn't been kissed in over 30 years, and 3) She knows how to knit. Sandra has difficulty removing her psychotherapist hat. Of her last 30 dates, 29 have ended the same way: the man sobbing uncontrollably. After one such disaster, Sandra gives up on love to a seemingly harmless encounter with her hot waiter, Alex.

Argumentative, secretive, and hostile Alex may be the opposite of everything Sandra knows is right for her. But now, the girl who has spent all her life helping others change for the better, must find a way to cope with falling for someone who refuses to change at all.
