A New York Times and Washington Post Bestseller Bestselling author, basketball legend and cultural commentator Kareem Abdul-Jabbar explores the heart of issues that affect Americans today. Since retiring from professional basketball as the NBA's all-time leading scorer, six-time MVP, and Hall of Fame inductee, Kareem Abdul-Jabbar has become a lauded observer of culture and society, a New York Times bestselling author, and a regular contributor to The Washington Post, TIME magazine and TIME.com. He now brings that keen insight to the fore in *Writings on the Wall: Searching for a New Equality Beyond Black and White*, his most incisive and important work of non-fiction in years. He uses his unique blend of erudition, street smarts and authentic experience in essays on the country's seemingly irreconcilable partisan divide - both racial and political, parenthood, and his own experiences as an athlete, African-American, and a Muslim. The book is not just a collection of expositions; he also offers keen assessments of and solutions to problems such as racism in sports while speaking candidly about his experiences on the court and off. Timed for publication as the nation debates whom to send to the White House, the combination of plain talk on issues, life lessons, and personal stories places *Writings on the Wall* squarely in the middle of the conversation, as many of Abdul-Jabbar's topics are at the top of the national agenda. Whether it is sparring with Donald Trump, within the pages of TIME magazine, or full-length features in the *The New York Times Magazine*, writers, critics, and readers have come to agree on what The Washington Post observed: Abdul-Jabbar "has become a vital, dynamic and unorthodox cultural voice." From the 1970s through the 1990s more than one hundred feminist bookstores built a transnational network that helped shape some of feminism's most complex conversations. Kristen Hogan traces the feminist bookstore movement's rise and eventual fall, restoring its radical work to public feminist memory. The bookwomen at the heart of this story—mostly lesbians and including women of color—measured their success not by profit, but by developing theories and practices of lesbian antiracism and feminist accountability. At bookstores like BookWoman in Austin, the Toronto Women's Bookstore, and Old Wives' Tales in San Francisco, and in the essential *Feminist Bookstore News*, bookwomen changed people's lives and the world. In retelling their stories, Hogan not only shares the movement's tools with contemporary queer antiracist feminist activists and theorists, she gives us a vocabulary, strategy, and legacy for thinking through today's feminisms. In one fateful moment, Marissa Daniels loses everything—her fiancé, her best friends, and her sanity. Everyone in the small town of Cutter's Bend, Iowa, knows about the many car accidents that happen at MILE MARKER 59...and about the sightings of a huge wolf at that very spot. But what is known as local legend is very real to Marissa—she knows what she saw at the moment her fiancé lost control of the car—the moment everything changed in her life. Strange dreams lead her to only one conclusion: she must discover what really happened that night. With the help of the local sheriff, Michael Morris, and the victim of yet another near-tragic wreck at MILE MARKER 59, secrets are uncovered—and spells are finally broken. Can Marissa face a supernatural danger more powerful than anything she ever could imagine? Asking Michael to help her unravel the mystery of the Sioux curse that exists in that spot could lead to his death—and hers. The occurrences at MILE MARKER 59 are what holds this little town's secrets in silence—and what could rip Marissa's life apart... A vibrant portrait of four college friends—Iris Murdoch, Philippa Foot, Elizabeth Anscombe, and Mary Midgley—who formed a new philosophical tradition while Oxford's men were away fighting World War II. The history of European philosophy is usually constructed from the work of men. In *Metaphysical Animals*, a pioneering group biography, Clare Mac Cumhaill and Rachael Wiseman offer a compelling alternative. In the mid-twentieth century Elizabeth Anscombe, Mary Midgley, Philippa Foot, and Iris Murdoch were philosophy students at Oxford when most male undergraduates and many tutors were conscripted away to fight in the Second World War. Together, these young women, all friends, developed a philosophy that could respond to the war's darkest revelations. Neither the great Enlightenment thinkers of the past, the logical innovators of the early twentieth century, or the new Existentialist philosophy trickling across the Channel, could make sense of this new human reality of limitless depravity and destructive power, the women felt. Their answer was to bring philosophy back to life. We are metaphysical animals, they realized, creatures that can question their very being. Who am I? What is freedom? What is human goodness? The answers we give, they believed, shape what we will become. Written with expertise and flair, *Metaphysical Animals* is a lively portrait of women who shared ideas, but also apartments, clothes and even lovers. Mac Cumhaill and Wiseman show how from the disorder and despair of the war, four brilliant friends created a way of ethical thinking that is there for us today. In this lively, thought-provoking study, AnaLouise Keating writes in the traditions of radical U.S. women-of-color feminist/womanist thought and queer studies, inviting us to transform how we think about identity, difference, social justice and social change, metaphysics, reading, and teaching. Through detailed investigations of women of color theories and writings, indigenous thought, and her own personal and pedagogical experiences, Keating develops transformative modes of engagement that move through oppositional approaches to embrace interconnectivity as a framework for identity formation, theorizing, social change, and the possibility of planetary citizenship. Speaking to many dimensions of contemporary scholarship, activism, and social justice work, *Transformation Now!* calls for and enacts innovative, radically inclusionary ways of reading, teaching, and communicating. From the self-described 'black, lesbian, mother, warrior, poet', these soaring, urgent essays on the power of women, poetry and anger are filled with darkness and light. Penguin Modern: fifty new books celebrating the pioneering spirit of the iconic Penguin Modern Classics series, with each one offering a concentrated hit of its contemporary, international flavour. Here are authors ranging from Kathy Acker to James Baldwin, Truman Capote to Stanislaw Lem and George Orwell to Shirley Jackson; essays radical and inspiring; poems moving and disturbing; stories surreal and fabulous; taking us from the deep South to modern Japan, New York's underground scene to the farthest reaches of outer space. From the acclaimed New York Times bestselling author: An essential volume for generations of writers young and old. The

twenty-fifth anniversary edition of this modern classic will continue to spark creative minds for years to come. For a quarter century, more than a million readers—scribes and scribblers of all ages and abilities—have been inspired by Anne Lamott’s hilarious, big-hearted, homespun advice. Advice that begins with the simple words of wisdom passed down from Anne’s father—also a writer—in the iconic passage that gives the book its title: “Thirty years ago my older brother, who was ten years old at the time, was trying to get a report on birds written that he’d had three months to write. It was due the next day. We were out at our family cabin in Bolinas, and he was at the kitchen table close to tears, surrounded by binder paper and pencils and unopened books on birds, immobilized by the hugeness of the task ahead. Then my father sat down beside him, put his arm around my brother’s shoulder, and said, ‘Bird by bird, buddy. Just take it bird by bird.’”

A trillion-dollar industry, the US non-profit sector is one of the world's largest economies. From art museums and university hospitals to think tanks and church charities, over 1.5 million organizations of staggering diversity share the tax-exempt 501(c)(3) designation, if little else. Many social justice organizations have joined this world, often blunting political goals to satisfy government and foundation mandates. But even as funding shrinks, many activists often find it difficult to imagine movement-building outside the non-profit model. The Revolution Will Not Be Funded gathers essays by radical activists, educators, and non-profit staff from around the globe who critically rethink the long-term consequences of what they call the "non-profit industrial complex." Drawing on their own experiences, the contributors track the history of non-profits and provide strategies to transform and work outside them. Urgent and visionary, The Revolution Will Not Be Funded presents a biting critique of the quietly devastating role the non-profit industrial complex plays in managing dissent. Contributors. The Postmodern Turn gathers together in one volume some of the most important statements of the postmodern approach to human studies. In addressing postmodern social theory and emphasizing the social role of knowledge, this book abandons the disciplinary boundaries separating the sciences and the humanities. The first collection of its kind, it provides the classic essays of authors such as Lyotard, Haraway, Foucault and Rorty. Contributors include well-known theorists in the fields of sociology, anthropology, women's and gay studies, philosophy, and history. M. Jacqui Alexander is one of the most important theorists of transnational feminism working today. Pedagogies of Crossing brings together essays she has written over the past decade, uniting her incisive critiques, which have had such a profound impact on feminist, queer, and critical race theories, with some of her more recent work. In this landmark interdisciplinary volume, Alexander points to a number of critical imperatives made all the more urgent by contemporary manifestations of neoimperialism and neocolonialism. Among these are the need for North American feminism and queer studies to take up transnational frameworks that foreground questions of colonialism, political economy, and racial formation; for a thorough re-conceptualization of modernity to account for the heteronormative regulatory practices of modern state formations; and for feminists to wrestle with the spiritual dimensions of experience and the meaning of sacred subjectivity. In these meditations, Alexander deftly unites large, often contradictory, historical processes across time and space. She focuses on the criminalization of queer communities in both the United States and the Caribbean in ways that prompt us to rethink how modernity invents its own traditions; she juxtaposes the political organizing and consciousness of women workers in global factories in Mexico, the Caribbean, and Canada with the pressing need for those in the academic factory to teach for social justice; she reflects on the limits and failures of liberal pluralism; and she presents original and compelling arguments that show how and why transgenerational memory is an indispensable spiritual practice within differently constituted women-of-color communities as it operates as a powerful antidote to oppression. In this multifaceted, visionary book, Alexander maps the terrain of alternative histories and offers new forms of knowledge with which to mold alternative futures.

NEW YORK TIMES BESTSELLER • Gloria Steinem—writer, activist, organizer, and inspiring leader—tells a story she has never told before, a candid account of her life as a traveler, a listener, and a catalyst for change. ONE OF O: THE OPRAH MAGAZINE’S TEN FAVORITE BOOKS OF THE YEAR | NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Harper’s Bazaar • St. Louis Post-Dispatch • Publishers Weekly

When people ask me why I still have hope and energy after all these years, I always say: Because I travel. Taking to the road—by which I mean letting the road take you—changed who I thought I was. The road is messy in the way that real life is messy. It leads us out of denial and into reality, out of theory and into practice, out of caution and into action, out of statistics and into stories—in short, out of our heads and into our hearts. Gloria Steinem had an itinerant childhood. When she was a young girl, her father would pack the family in the car every fall and drive across country searching for adventure and trying to make a living. The seeds were planted: Gloria realized that growing up didn’t have to mean settling down. And so began a lifetime of travel, of activism and leadership, of listening to people whose voices and ideas would inspire change and revolution. My Life on the Road is the moving, funny, and profound story of Gloria’s growth and also the growth of a revolutionary movement for equality—and the story of how surprising encounters on the road shaped both. From her first experience of social activism among women in India to her work as a journalist in the 1960s; from the whirlwind of political campaigns to the founding of Ms. magazine; from the historic 1977 National Women’s Conference to her travels through Indian Country—a lifetime spent on the road allowed Gloria to listen and connect deeply with people, to understand that context is everything, and to become part of a movement that would change the world. In prose that is revealing and rich, Gloria reminds us that living in an open, observant, and “on the road” state of mind can make a difference in how we learn, what we do, and how we understand each other. Praise for My Life on the Road “This legendary feminist makes a compelling case for traveling as listening: a way of letting strangers’ stories flow, as she puts it, ‘out of our heads and into our hearts.’”—People “Like Steinem herself, [My Life on the Road] is thoughtful and astonishingly humble. It is also filled with a sense of the momentous while offering deeply personal insights into what shaped her.”—O: The Oprah Magazine “A lyrical meditation on restlessness and the quest for equity . . . Part of the appeal of My Life is how Steinem, with evocative, melodic prose, conveys the air of discovery and wonder she felt during so many of her journeys. . . . The lessons imparted in Life on the Road offer more than a reminiscence. They are a beacon of hope for the future.”—USA Today “A warmly companionable look back at nearly five decades as itinerant feminist organizer and standard-bearer. If you’ve ever wondered what it might be like to sit down with Ms. Steinem for a casual dinner, this disarmingly intimate book gives a pretty good idea, mixing hard-won pragmatic lessons with more inspirational

insights.”—The New York Times “Steinem rocks. My Life on the Road abounds with fresh insights and is as populist as can be.”—The Boston Globe “I get so jazzed about the future of feminism knowing that Amanda Montell’s brilliance is rising up and about to explode worldwide.”—Jill Soloway A brash, enlightening, and wildly entertaining feminist look at gendered language and the way it shapes us. The word bitch conjures many images, but it is most often meant to describe an unpleasant woman. Even before its usage to mean “a female canine,” bitch didn’t refer to women at all—it originated as a gender-neutral word for “genitalia.” A perfectly innocuous word devolving into an insult directed at females is the case for tons more terms, including hussy, which simply meant “housewife”; and slut, which meant “an untidy person” and was also used to describe men. These are just a few of history’s many English slurs hurled at women. Amanda Montell, reporter and feminist linguist, deconstructs language—from insults, cursing, gossip, and catcalling to grammar and pronunciation patterns—to reveal the ways it has been used for centuries to keep women and other marginalized genders from power. Ever wonder why so many people are annoyed when women speak with vocal fry or use like as filler? Or why certain gender-neutral terms stick and others don’t? Or where stereotypes of how women and men speak come from in the first place? Montell effortlessly moves between history, science, and popular culture to explore these questions—and how we can use the answers to affect real social change. Montell’s irresistible humor shines through, making linguistics not only approachable but downright hilarious and profound. Wordslut gets to the heart of our language, marvels at its elasticity, and sheds much-needed light on the biases that shadow women in our culture and our consciousness. Born in the Río Grande Valley of south Texas, independent scholar and creative writer Gloria Anzaldúa was an internationally acclaimed cultural theorist. As the author of *Borderlands / La Frontera: The New Mestiza*, Anzaldúa played a major role in shaping contemporary Chicano/a and lesbian/queer theories and identities. As an editor of three anthologies, including the groundbreaking *This Bridge Called My Back: Writings by Radical Women of Color*, she played an equally vital role in developing an inclusionary, multicultural feminist movement. A versatile author, Anzaldúa published poetry, theoretical essays, short stories, autobiographical narratives, interviews, and children’s books. Her work, which has been included in more than 100 anthologies to date, has helped to transform academic fields including American, Chicano/a, composition, ethnic, literary, and women’s studies. This reader—which provides a representative sample of the poetry, prose, fiction, and experimental autobiographical writing that Anzaldúa produced during her thirty-year career—demonstrates the breadth and philosophical depth of her work. While the reader contains much of Anzaldúa’s published writing (including several pieces now out of print), more than half the material has never before been published. This newly available work offers fresh insights into crucial aspects of Anzaldúa’s life and career, including her upbringing, education, teaching experiences, writing practice and aesthetics, lifelong health struggles, and interest in visual art, as well as her theories of disability, multiculturalism, pedagogy, and spiritual activism. The pieces are arranged chronologically; each one is preceded by a brief introduction. The collection includes a glossary of Anzaldúa’s key terms and concepts, a timeline of her life, primary and secondary bibliographies, and a detailed index. Disentangles intersections of race, class, pop culture, body image, and sexuality while confronting what it means to be a young Black woman in America. “If anybody except a poet were saying the things Sorescu says in his poems, he or she would be found insane. But this is what poetry should be doing, putting this kind of material into rational form.” (Russell Edson) In this collection the Romanian’s poems are expertly translated by two other Romanian writers and Stuart Friebert, with an introduction by noted Irish poet Seamus Heaney. DIVCollection of essays and poems that address the challenges of being a Chicana, a lesbian, and a feminist in the changing world of the twenty-first century./div “Masterful. *The Anthropocene Reviewed* is a beautiful, timely book about the human condition—and a timeless reminder to pay attention to your attention.” —Adam Grant, #1 bestselling author of *Think Again* and host of the podcast *Re:Thinking* Instant #1 bestseller! A deeply moving collection of personal essays from John Green, the author of *The Fault in Our Stars* and *Turtles All the Way Down*. “Gloriously personal and life-affirming. The perfect book for right now.” —People “Essential to the human conversation.” —Library Journal, starred review *The Anthropocene* is the current geologic age, in which humans have profoundly reshaped the planet and its biodiversity. In this remarkable symphony of essays, bestselling author John Green reviews different facets of the human-centered planet on a five-star scale—from the QWERTY keyboard and sunsets to Canada geese and Penguins of Madagascar. Funny, complex, and rich with detail, the reviews chart the contradictions of contemporary humanity. John Green’s gift for storytelling shines throughout this masterful collection. *The Anthropocene Reviewed* is an open-hearted exploration of the paths we forge and an unironic celebration of falling in love with the world. A hilarious take on helping others and self awareness from New York Times bestselling author Jory John and comic artist sensation Liz Climo *Persnickety Elephant* has an itch—a big one—and he can’t reach it! While he isn’t above asking for a little help, no one is up to the task. Turtle is too lazy, Snail is too slimy, and Alligator... well, Elephant isn’t sure he wants his assistance. Does Elephant have to do everything himself? Jory John’s signature deadpan humor pairs perfectly with Liz Climo’s oh-so-innocent-looking animals to create a slyly ironic read-aloud that will leave kids and parents in stitches. “Rooted in Gloria Anzaldúa’s experience as a Chicana, a lesbian, an activist, and a writer, the essays and poems in this volume profoundly challenged, and continue to challenge, how we think about identity. *Borderlands / La Frontera* remaps our understanding of what a “border” is, presenting it not as a simple divide between here and there, us and them, but as a psychic, social, and cultural terrain that we inhabit, and that inhabits all of us. This twenty-fifth anniversary edition features a new introduction by scholars Norma Cantu (University of Texas at San Antonio) and Aida Hurtado (University of California at Santa Cruz) as well as a revised critical bibliography.” --Back cover. In a refreshingly novel approach to the writings of Gloria E. Anzaldúa (1942–2004), Andrea J. Pitts addresses issues relevant to contemporary debates within feminist theory and critical race studies. Pitts explores how Anzaldúa addressed, directly and indirectly, a number of complicated problems regarding agency in her writings, including questions of disability justice, trans theorizing, Indigenous sovereignty, and indentarian politics. Anzaldúa’s conception of what Pitts describes as multiplicitous agency serves as a key conceptual link between these questions in her work, including how discussions of agency surfaced in Anzaldúa’s late writings of the 1990s and early 2000s. Not shying away from Anzaldúa’s own complex and sometimes problematic framings of disability, mestizaje, and Indigeneity, Pitts draws from several strands of contemporary Chicanx, Latinx, and African American philosophy to examine how Anzaldúa’s work builds pathways toward networks of solidarity and communities of resistance. *Light in the Dark* is the culmination of Gloria E. Anzaldúa’s mature thought and the most comprehensive presentation of her philosophy. Focusing on aesthetics, ontology, epistemology, and ethics, it contains several developments in her many important theoretical contributions. A young woman holds her newborn son And looks at him lovingly. Newly revised and updated, this landmark anthology offers gripping portraits of American life as seen through the eyes of young women of color It has been decades since women of color first turned feminism upside down, exposing the feminist movement as exclusive, white, and unaware of the concerns and issues of women of color from around the globe. Since then, key social movements have risen, including Black Lives Matter, transgender rights, and the activism of young undocumented students. Social media has also changed how feminism reaches young women of color, generating connections in all corners of the country. And yet we remain a country divided by race and gender. Now, a new generation of outspoken women of color offer a much-needed fresh dimension to the shape of feminism of the future. In *Colonize This!*, Daisy Hernandez and Bushra Rehman have collected a diverse, lively group of emerging writers who speak to the strength of community and the influence of color, to

borders and divisions, and to the critical issues that need to be addressed to finally reach an era of racial freedom. With prescient and intimate writing, *Colonize This!* will reach the hearts and minds of readers who care about the experience of being a woman of color, and about establishing a culture that fosters freedom and agency for women of all races. This book is primarily about two aspects of my life, my faith in God and Parkinson's disease. My faith makes everything worth while. Parkinson's is an assault on my brain and body. Without faith, it would be impossible to battle the disease. In this book are a collection of thoughts and stories I have written in the last few months. My hope is that what I have written may be entertaining or informative to someone else fighting this war. A collection of reviews and essays on the 20th century's most important innovative fiction writers. Black feminists remind us "that America's destiny is inseparable from how it treats [black women] and the nation ignores this truth at its peril" (The New York Review of Books). Winner of the 2018 Lambda Literary Award for LGBTQ Nonfiction "If Black women were free, it would mean that everyone else would have to be free." —Combahee River Collective Statement The Combahee River Collective, a path-breaking group of radical black feminists, was one of the most important organizations to develop out of the antiracist and women's liberation movements of the 1960s and 70s. In this collection of essays and interviews edited by activist-scholar Keeanga-Yamahtta Taylor, founding members of the organization and contemporary activists reflect on the legacy of its contributions to Black feminism and its impact on today's struggles. "A striking collection that should be immediately added to the Black feminist canon." —Bitch Media "An essential book for any feminist library." —Library Journal "As white feminism has gained an increasing amount of coverage, there are still questions as to how black and brown women's needs are being addressed. This book, through a collection of interviews with prominent black feminists, provides some answers." —The Independent "For feminists of all kinds, astute scholars, or anyone with a passion for social justice, *How We Get Free* is an invaluable work." —Ethnic and Racial Studies Journal "We've got some difficult days ahead," civil rights activist Martin Luther King, Jr., told a crowd gathered at Memphis's Clayborn Temple on April 3, 1968. "But it really doesn't matter to me now because I've been to the mountaintop. . . . And I've seen the promised land. I may not get there with you. But I want you to know tonight that we as a people will get to the promised land." These prophetic words, uttered the day before his assassination, challenged those he left behind to see that his "promised land" of racial equality became a reality; a reality to which King devoted the last twelve years of his life. These words and other are commemorated here in the only major one-volume collection of this seminal twentieth-century American prophet's writings, speeches, interviews, and autobiographical reflections. A Testament of Hope contains Martin Luther King, Jr.'s essential thoughts on nonviolence, social policy, integration, black nationalism, the ethics of love and hope, and more. Literary Nonfiction. LGBT Studies. "CHICANA LESBIANS is a love poem, a bible, a dictionary, nothing so simple as a manifesto—this book is yet another reason to believe—to believe in the girls our mothers warned us about, brown girls, lesbians, making their own love poems, bibles, dictionaries, manifestoes, reasons to believe."—Dorothy Allison "When I was selling books at a Chicana conference, I noticed book buyers were literally afraid to touch this anthology. I say now what I said then, 'Don't be scared. Sexuality is not contagious, but ignorance is.' If you've ever been curious, been there, been voyeur, been tourist, or just plain under-informed, misinformed, or unaffirmed, here is a book to listen to and learn from".—Sandra Cisneros First published in 2000. "[Vonnegut is] an unimitative and inimitable social satirist."—Harper's Magazine "Our finest black-humorist . . . We laugh in self-defense."—Atlantic Monthly The concept of intersectionality has become a central topic in academic and activist circles alike. But what exactly does it mean, and why has it emerged as such a vital lens through which to explore how social inequalities of race, class, gender, sexuality, age, ability, and ethnicity shape one another? In this fully revised and expanded second edition of their popular text, Patricia Hill Collins and Sirma Bilge provide a much-needed introduction to the field of intersectional knowledge and praxis. Analyzing the emergence, growth, and contours of the concept of intersectionality, the authors also consider its global reach through an array of new topics such as the rise of far-right populism, reproductive justice, climate change, and digital environments and cultures. Accessibly written and drawing on a plethora of lively examples to illustrate its arguments, the book highlights intersectionality's potential for understanding complex architecture of social and economic inequalities and bringing about social justice-oriented change. Intersectionality will be an invaluable resource for anyone grappling with the main ideas, debates, and new directions in this field. A truly impressive debut' - Emma Gannon 'Excellent [...] Ratajkowski writes with curiosity, intellect and acute awareness' - Harper's Bazaar 'Superb [...] it feels revolutionary' - Telegraph 'I admire and envy her artistry' - Guardian _____ Emily Ratajkowski is an acclaimed model and actress, an engaged political progressive, a formidable entrepreneur, a global social media phenomenon, and now, a writer. Rocketing to world fame at age twenty-one, Ratajkowski sparked both praise and furor with the provocative display of her body as an apologetic statement of feminist empowerment. The subsequent evolution in her thinking about our culture's commodification of women is the subject of this book. My Body is a profoundly personal exploration of feminism, sexuality, and power, of men's treatment of women and women's rationalizations for accepting that treatment. These essays chronicle moments from Ratajkowski's life while investigating the culture's fetishization of girls and female beauty, its obsession with and contempt for women's sexuality, the perverse dynamics of the fashion and film industries, and the grey area between consent and abuse. Nuanced, unflinching, and incisive, My Body marks the debut of a fierce writer brimming with courage and intelligence. "This memoir's beauty is in its fierce intimacy." --

Roy Hoffman, The New York Times Book Review One of Literary Hub's Most Anticipated Books of 2019 From the celebrated editor of This Bridge Called My Back, Cherríe Moraga charts her own coming-of-age alongside her mother's decline, and also tells the larger story of the Mexican American diaspora. Native Country of the Heart: A Memoir is, at its core, a mother-daughter story. The mother, Elvira, was hired out as a child, along with her siblings, by their own father to pick cotton in California's Imperial Valley. The daughter, Cherríe Moraga, is a brilliant, pioneering, queer Latina feminist. The story of these two women, and of their people, is woven together in an intimate memoir of critical reflection and deep personal revelation. As a young woman, Elvira left California to work as a cigarette girl in glamorous late-1920s Tijuana, where an ambiguous relationship with a wealthy white man taught her life lessons about power, sex, and opportunity. As Moraga charts her mother's journey—from impressionable young girl to battle-tested matriarch to, later on, an old woman suffering under the yoke of Alzheimer's—she traces her own self-discovery of her gender-queer body and Lesbian identity, as well as her passion for activism and the history of her pueblo. As her mother's memory fails, Moraga is driven to unearth forgotten remnants of a U.S. Mexican diaspora, its indigenous origins, and an American story of cultural loss. Poetically wrought and filled with insight into intergenerational trauma, Native Country of the Heart is a reckoning with white American history and a piercing love letter from a fearless daughter to the mother she will never lose. NEW YORK TIMES EDITORS' CHOICE • A clear-eyed warning about the increasingly destructive influence of America's "shame industrial complex" in the age of social media and hyperpartisan politics—from the New York Times bestselling author of Weapons of Math Destruction "O'Neil reminds us that we must resist the urge to judge, belittle, and oversimplify, and instead allow always for complexity and lead always with empathy."—Dave Eggers, author of The Every Shame is a powerful and sometimes useful tool: When we publicly shame corrupt politicians, abusive celebrities, or predatory corporations, we reinforce values of fairness and justice. But as Cathy O'Neil argues in this revelatory book, shaming has taken a new and dangerous turn. It is increasingly being weaponized—used as a way to shift responsibility for social problems from institutions to individuals. Shaming children for not being able to afford school lunches or adults for not being able to find work lets us off the hook as a society. After all, why pay higher taxes to fund programs for people who are fundamentally unworthy? O'Neil explores the machinery behind all this shame, showing how governments, corporations, and the healthcare system capitalize on it. There are damning stories of rehab clinics, reentry programs, drug and diet companies, and social media platforms—all of which profit from "punching down" on the vulnerable. Woven throughout The Shame Machine is the story of O'Neil's own struggle with body image and her recent weight-loss surgery, which awakened her to the systematic shaming of fat people seeking medical care. With clarity and nuance, O'Neil dissects the relationship between shame and power. Whom does the system serve? Is it counter-productive to call out racists, misogynists, and vaccine skeptics? If so, when should someone be "canceled"? How do current incentive structures perpetuate the shaming cycle? And, most important, how can we all fight back?
