What does it mean to be "mad" in contemporary American society? How do we categorize people's reactions to extreme pressures, trauma, loneliness and serious mental illness? Importantly--who gets to determine these classifications, and why? This book seeks to answer these questions through studying an increasingly popular media genre--memoirs of people with mental illnesses. Memoirs, like the ones examined in this book, often respond to stigmatizing tropes about "the mad" in popular culture and engage with concepts in mental health activism and research. This study breaks new academic ground and argues that the featured texts rethink the possibilities of community building and stigma politics. Drawing on literary analysis and sociological concepts, it understands these memoirs as complex, at times

even contradictory, approaches to activism. His famous detective character Eugène Valmont, fashioned after Sherlock Holmes, is said to be the inspiration behind Agatha Christie's Hercule Poirot. *The Dangerous Lover* takes seriously the ubiquity of the brooding romantic hero - his dark past, his remorseful and rebellious exile from comfortable everyday living. Deborah Lutz traces the recent history of this figure, through the melancholy iconoclasm of the Romantics, the lost soul redeemed by love of the Brontes, and the tormented individualism of twentieth-century love narratives. *The Dangerous Lover* is the first book-length study of this pervasive literary hero; it also challenges the tendency of sophisticated philosophical readings of popular narratives and culture to focus on male-coded genres. In its conjunction of high and low literary forms, this volume explores new historical and cultural framings for female-coded popular narratives."--BOOK JACKET. H. Lawrence's German wife and an Italian peasant, *Lady Chatterley's Lover* follows the intense passions of Constance Chatterley. Trapped in an unhappy marriage to an aristocratic mine owner whose war wounds have left him paralyzed and impotent, Constance enters into a liaison with the gamekeeper Mellors. Frank Kermode called the book D. H. Lawrence's "great achievement," Anaïs Nin described it as "his best novel," and Archibald MacLeish hailed it as "one of the most important works of fiction of the century." Along with an incisive Introduction by Kathryn Harrison, this Modern Library edition includes the transcript of the judge's decision in the famous 1959 obscenity trial that allowed *Lady Chatterley's Lover* to be published in the United States. Ralph Waldo Emerson was an American essayist, lecturer, philosopher, abolitionist, and poet who led the transcendentalist movement of the mid-19th century. He was a prescient critic of the countervailing pressures of society, and his ideology was disseminated through dozens of published essays and more than 1,500 public lectures. Emerson gradually moved away from the religious and social beliefs of his contemporaries, formulating and expressing the philosophy of transcendentalism in his 1836 essay "Nature".
